

Dear Nancy and Jon,

We are thankful for the wonderful additions that you have made to the park and our community of homes. Thank you for the refurbishing of the clubhouse with the new siding. We are also appreciative of the fence which was installed. We are all talking about the flags and painted lines on the roads and properties. What an exciting look to have all new roads.

Thank you both for making our community a special place and a home for all of us.

Your Friends in N. E. A.T.
